Cincinnati Man Discovers Drug That  
Loosens Corns So They  
Lift Out.

Local druggists are having a tremendous call for freezone, the drug which is said to shrivel a corn, root and all, without any pain.

A few drops applied directly upon a tender, aching corn relieves the soreness at once, and shortly the entire corn, root and all, lifts right out with the fingers.

This new drug is being dispensed at small cost in quarter ounce bottles, which is sufficient to take off every hard or soft corn from one's feet. It is a sticky substance, which dries at once, and does not inflame or even irritate the surrounding tissue or skin. There is no excuse for anyone inviting death by infection or lockjaw from cutting their corns now.—Adv.

## GREAT REJOICING BY RHEUMATIC CRIPPLES

If So Crippled You Can't Use Arms or Legs Rheuma Will Help You or Nothing to Par.

If you want relief in two days, swift, certain, satisfying relief, take one-half teaspoonful of Rheuma once a day.

If you want to dissolve every particle of uric acid poison in your body and drive it out through the natural channels so that you will be forever free from rheumatism, get a 50-cent bottle of Rheuma from the Red Cross Pharmacy or any druggist to-day.

## Safe Home Remedy for Skin-Troubles

Eczema, ringworm, and other itching, burning skin eruptions are so easily made worse by improper treatment

that one has to be very careful. There is one method, however, that you need never hesitate to use, even on a baby's tender skin—that is the Resinol treatment. Resinol is the prescription of a Baltimore doctor, put up in the form of resinsol ointment and resinsol soap. This proved so remarkably successful, that thousands of other physicians have prescribed it constantly for over twenty years.

Generally resinsol stops itching at once, and heals the eruption quickly and at little cost. Resinol ointment and resinsol soap can be bought at any druggist's.

Resinol Soap is not only unusually cleansing and softening, but its regular use gives to the skin and hair that natural beauty of perfect health which cosmetics can only imitate.
